Gemia Resort

{gallery}gemia_resort{/gallery}Gem Island Resort &Spa is a rare jewel awaiting your discovery. It is one of the few privately-owned isles in Malaysia with only one resort. An island of superb natural beauty, it is self contained for you to stage your privately holiday adventures, seeking fun and relaxation.

Gem Island is located in a Marine Conservation Park with natural lush tropical setting. It has sandy beaches, crystal clear waters, spectacular underwater seascape of corals and marine life as some of it's natural pristine assets. Together with a resort that offers good facilities and a newly open "Tusita" wellness spa, one can enjoy the feeling of a luxurious holiday for all of your senses.
